

**Seriously.  
It's only a game!**

### **Gamble Responsibly**

Alberta's charitable casinos foster a spirit of entertainment while supporting charitable causes. Members of the Alberta Charitable Casino Operators Association remind their patrons that casino gambling is an appropriate activity for adults only and treating gambling as more than a game can result in personal and financial problems. ACCO members and the Alberta Gaming and Liquor Commission partner with government agencies to promote responsible gambling, including prominent display of toll-free help lines, participating in the voluntary self-exclusion program and training staff to recognize potential problems.

**Responsible Gambling Awareness Week**  
October 22 - 28, 2007
