- a) Step One – Initial Assessment
  - i) The proponent of a new activity must provide to the AGLC a business plan and other required information which will allow the AGLC to arrive at a sound preliminary assessment related to the viability of the proposed new game.
  - ii) The AGLC will evaluate the proposal using criteria such as:
    - compliance with the requirements of the *Criminal Code* (Canada), *Gaming and Liquor Act* (Alberta) and *Gaming and Liquor Regulation* (Alberta);
    - demand from consumers (market potential) for the proposed new game;
    - benefits to be derived for charitable, non-profit, public or community-based initiatives;

NOTE: Schemes and linked games cannot be included in package sales.

- c) The full cost of the Regular Game cards included in a package must be allocated to regular Game sales. The Facility Licensee must determine the revenue distribution for Special Game card sales.

In the following example, the full value of the cards included in the package is \$23.00. The package discount price is \$19.00. The full card value of \$9.00 is allocated to the Regular Games and the remaining \$10.00 is distributed as follows:

**POLICY**

5.4.1 In this section:

- a) "Bingo game" refers to a game of bingo in which the player pays to play and for which a prize, including a progressive prize, is awarded if the player achieves the specified card pattern and winning criteria for the game in play. *(Amended June 2017)*
- b) "Bingo scheme" refers to a bingo related scheme in which the player may pay to participate or which is included in the price the player paid for the bingo games, and for which a prize, including a progressive prize, is awarded if the player meets the winning criteria for the scheme in play. *(Amended June 2017)*

5.4.2 Free Games:

- a) In compliance with the provisions of Subsection 5.5.1, Licensed Charities may conduct one free game per Event (that is, there is no charge for the bingo cards).

5.4.3 Schemes:

- a) In compliance with the provisions of Subsection 5.5.1 a), Facility Licensees may offer schemes such as the Lucky Number, Gold Ball, King and Queen, Player of the Night, or bonus prizes in conjunction with "second element of chance".
- b) These schemes must:
  - i) be recorded as part of the prize payout for the game to which the scheme is linked; and
  - ii) be consistent with Subsection 5.4.7 when awarded through a second element of chance.

5.4.4 Progressive Bingo Games/Schemes:

- a) A maximum of ten progressive games/prize schemes, including Loonie Pots (see Subsection 5.4.5), excluding the Satellite Game, may be approved per Event on the following conditions:
  - i) prize payout must be determined by the Facility Licensee within the provisions of Subsection 5.5.1 a).
    - the progressive prize pool may be seeded as outlined in Subsection 5.5.4.

**SUBJECT: BINGO GAMES/SCHEMES**

- the value of the accumulated prize must be added to the prize contribution for the Event and make up the total value of the progressive prize pool eligible to be won.
  - if won, the total value of the pool must be paid out in full. Pools must not be paid in portions based on certain criteria or on a percentage of the prize pool, such as 100% in 48 numbers or less, 90% in 49 numbers or less, 80% in 50 numbers or less, etc.
- ii) the Facility Licensee may set a cap on their progressive prize pools. The amount of the cap may be different for morning, afternoon, evening or late night Events. The Facility Licensee's Rules of Play shall state the cap, fully explain how the progressive prize pool is won once the cap is reached, and how prize pool contributions over and above the cap are handled.
- if capped, the Facility Licensee has the option of establishing two separate prize pools (one main pool and one reserve pool). Once the total value of the two pools reaches the capped maximum, the first prize pool must be played off within 14 days of the maximum being reached.
  - if not capped, the progressive prize pool must be played off a minimum of once in a five month period.
- iii) the Facility Licensee may choose how the progressive game/prize scheme is played; however, the structure must be consistent with Section 5.4. *(Amended June 2017)*

- iv) the Facility Licensee's rules of play may require that a player's eligibility to win a progressive prize is based on the player achieving (completing) and declaring (announcing) their bingo on specific criteria which is stated in the rules of play for the progressive game/scheme. For example, the rules of play may indicate that the progressive game/scheme is won if a player completes the required pattern and declares bingo: *(Added June 2017)*

  - on the number that appears after the fireball is drawn;

  - on a number starting or ending in a particular number, e.g. starting or ending in the number 7 (O72 or N47).
- v) if there is no declaration of bingo on the progressive game or scheme criteria as specified in the rules of play, the caller must ask players, at least two times, if anyone has a bingo on the required criteria (announcing to players what that criteria is) for the progressive element of the game/scheme, and pause to recognize any bingos after each ask. If there is no response, the Facility Licensee may announce to players that the progressive element of the game/scheme is closed and that play will continue for the event prize associated with the game/scheme; *(Added June 2017)*
- vi) the AGLC may require that the current accumulated prize pool be played off prior to an approved amended game structure being implemented;

**SUBJECT: BINGO GAMES/SCHEMES**

- vii) prize pools must progress from Event to Event (for example, evening to evening, afternoon to afternoon, afternoon to evening, etc.), and must progress to the next licensed Event in accordance with the progression method selected;
- viii) approved Event financial control forms and a manual system of tracking pool sales, contributions, payouts and balances must be used and retained as described in Subsection 8.1.3 for a Class A facility or Subsection 8.2.3 for a Class B facility;
- ix) the hall advisor and the bingo chairperson must verify between EMS and the manual tracking system, the opening and closing prize pool balances to ensure accuracy in the reported value of each progressive prize pool. Any discrepancies must be reported to the AGLC immediately; and
- x) the Facility Licensee must maintain security of the accumulated prize funds as follows:
  - the Facility Licensee must collect funds contributed to each progressive prize pool on an Event by Event basis and, if not paid out during the Event, the funds collected for each progressive game must be deposited to the progressive prize bank account and held in trust to pay progressive game prizes;
  - at an Event where a progressive prize pool is won, the game contribution from that Event may be paid to the player in cash and the remainder (accumulated portion) may be paid to the player by cheque written on the progressive prize bank account or the entire amount may be paid by cheque written on the progressive prize bank account;
  - to pay the full progressive prize pool in cash if the Event revenue is sufficient, the Facility Licensee has the option of writing a cheque representing the value of the accumulated portion, from the progressive prize bank account to the Bingo Revenue

**SUBJECT: BINGO GAMES/SCHEMES**

Operating Bank Account and may deposit this cheque in place of the Event revenue (physical cash). The Event revenue may then be used to pay the player the accumulated portion in cash. NOTE: The cheque will replace the Event cash deposit in whole or in part depending on the amount of cash available from the Event revenue and the amount of funds needed to pay the accumulated portion of the progressive prize in cash;

- to accommodate the issuance of cheques at the Event level, the Facility Licensee may authorize a single signatory (the Hall Manager or Hall Advisor) on the progressive prize bank account;
- in addition to the EMS/RIBS progressive prize reporting requirements, a manual control form for each progressive game prize pool detailing the opening balance of each pot, the Event game contribution, Event payout(s) (if applicable), method of payment (cash and/or cheque) and the Event closing balance must be maintained. The control form must be signed by the Event advisor and chairperson verifying its accuracy;
- the Hall Manager must review the manual control forms and the progressive prize bank account deposits and cheque issuance activity on a regular basis throughout the month and immediately report any discrepancies to the AGLC; and
- the Facility Licensee must submit, to AGLC Financial Review, a monthly bank reconciliation with supporting documents for the progressive prize bank account and verify the accuracy of each progressive prize pool balance with the information reported on EMS and RIBS.

**5.4.5 Loonie Pot Prize Pools:**

- a) Loonie Pot prize pools may also be called Pot of Gold or a name consistent with the Licensed Facility name.

**SUBJECT: BINGO GAMES/SCHEMES**

  - i) cost to play is determined by the Facility Licensee;
  - ii) participation in any Loonie Pot scheme is optional;
  - iii) the player's receipt must indicate participation in the Loonie Pot(s). In addition, as further proof of payment, the Facility Licensee may mark or hole punch the bingo cards. The player declaring the bingo must have paid to participate in the Loonie Pot in order to be awarded the Loonie Pot prize pool;
  - iv) to win the pool, the Loonie Pot number must form part of the required pattern for the game being played and the player(s) must declare their bingo at the time the Loonie Pot number is called. In the case of multiple bingos for a Loonie Pot prize pool, the Loonie Pot prize pool must be divided and paid by the number of valid bingo cards. Where a player declares more than one bingo card for the Loonie Pot prize pool, they must be paid an equal share for each valid bingo they have declared; and
  - v) the winner(s) will receive the Event prize payout for the Loonie Pot, plus the accumulated pool amount from previous Events. If bingo is not declared on the loonie number as described, the pot(s) must be carried over to the next Event.
- c) Loonie Pot games will be approved to be played in conjunction with the specified games in the program, under the following conditions:
  - i) the bingo program must specify which Regular Games each Loonie Pot is applicable to;
  - ii) the Event prize payout must be determined by the Facility Licensee within the provisions of Subsection 5.5.1 a). This amount is contributed to the Loonie Pot(s) prize pool at each Event. The pot(s) may be awarded once per Event, and may be split between multiple winners if the players bingo on the loonie number at the same time;

**SUBJECT: BINGO GAMES/SCHEMES**

- iii) one “loonie number” will be used when only one pot is conducted. One “loonie number” or a separate “loonie number” per pot may be used when multiple pots are conducted;
- iv) the Facility Licensee may choose how the “loonie number(s)” is determined (for example, first number called at the Event or last number of bonanza #1 pre-call). Once determined:
  - the “loonie number(s)” must be announced by the caller and be posted in a location(s) easily viewed by all patrons; and
  - the loonie number(s) must remain the same throughout the Event.
- v) each time the caller draws the “loonie number(s)” ball from the blower, the caller must announce the letter/number combination of the ball and indicate that it is the “loonie number” (for example, “Your next number is B13, which is the Loonie Pot number”);
- vi) the Rules of Play must fully explain how the game(s) is played including: how the loonie number(s) is determined; how the pot(s) accumulates (that is, Event to Event, afternoon to afternoon, or evening to evening, etc.); if pots are capped, and how the cap and multiple winners are handled; and

NOTE: Rules must not indicate that the Loonie Pot must be won in a specified amount of numbers, that the pot may not be won on free cards distributed in the hall, or that the pot may not be won on reverse numbers (for example, B15 reverses to G51).

- vii) the Facility Licensee may set a cap on their Loonie Pot game(s). See Progressive Bingo Games 5.4.4 for further details on setting caps and maintaining security.

**SUBJECT: BINGO GAMES/SCHEMES**

5.4.6 "Fireball" Games:

- a) Fireball games must comply with the following:

    - be a different color than any of the other balls in the blower;
    - not be a numbered ball;
    - be purchased from the same supplier and manufactured by the same manufacturer as all other balls being used in the blower in order to ensure that the fireball is made from the same material and be the same shape, size and weight as all other balls in the bingo blower;
    - may only be used in connection with the conduct of a bingo game;
    - not be inserted into the blower for the purpose of awarding promotional items; and
    - Facility Licensee Rules of Play must specify that the numbered ball that appears after the "fireball" appears determines that a bingo declared on that ball would be eligible for the "fireball" prize.
  - iv) in order to win the "fireball" game, the number called immediately after the fireball has been drawn from the blower must complete the required pattern for the game being played and the player(s) must declare their bingo at the time that number is called; and

**SUBJECT: BINGO GAMES/SCHEMES**

- v) the “fireball” number must be determined using the following method:
  - each time the caller draws the “fireball” from the blower, the caller must announce that the “fireball” has been drawn and that a bingo declared on the next number called will receive the “fireball” prize upon verification of the card. The caller must remove the “fireball” to display the next numbered ball on the hall monitors and ensure that this number remains to be the next number called.

**5.4.7 Second Element of Chance Schemes:**

- a) Second element of chance schemes provide variety in prize payment. The schemes must be approved by the AGLC as part of the Facility Licensee’s approved bingo program, and must comply with the following:
  - i) Facility Licensees may award the winner(s) of a bingo game a bingo prize and/or a bonus prize through a second element of chance including, but not limited to, the following methods:
    - the player selects an envelope, stuffed animal, balloon, door, box, etc. from a grouping of these items (may all be one kind of item in the grouping or selection of items in the grouping) all containing various cash and/or merchandise prizes. The player’s prize will be determined by the particular item he or she selects;
    - a board with 75 numbers on it, each number stating a description of a cash and/or merchandise prize behind it. The winner receives the prize shown under the number they declared bingo on; or
    - a money tunnel where the player enters the money tunnel and has a specified period of time to catch money to determine their prize value.
  - ii) casino style wheels or card schemes cannot be used to award second element of chance prizes.

**SUBJECT: PRIZES**

**POLICY**

5.5.1 Prize payouts must be structured in a manner that ensures compliance with these Policies and the Provincial and Regional Bingo Program Standards endorsed by Bingo Alberta and approved by the AGLC from time to time.

- a) Regular and Special Game Prizes: the prize payouts for regular and Special Games should be structured to target a combined maximum payout of 65% of the value of the cards that were sold.
- b) Satellite Game Prizes: the total Event prize payout for the Satellite Game must not exceed the AGLC approved percentage payout of the value of the cards that were sold for the Satellite Game.
- c) The combined average of the prize payouts for all Bingo Games (listed in clauses a) and b) above) should not exceed 65% of the value of cards sold for all games over a 52 week rolling average monitored on a semi-annual basis.

5.5.2 The Facility Licensee and the hall manager must monitor prize payouts on a regular basis to ensure that payouts comply with the requirements of Subsection 5.5.1 and for a Class A Facility Licensee payouts must also comply with the Profitability Requirements detailed in Section 8.3.

5.5.3 Both regular and Special Game prizes may be guaranteed on an Event-by-Event basis in compliance with Subsection 5.5.1.

5.5.4 "Seeding" means using revenue from the general sales of regular and Special Games at a bingo Event to fund the prize of another Bingo Game.

- a) Seeding of Bingo Game prizes is permitted within the targeted overall 65% prize payout limit for regular and Special Games as detailed in Subsection 5.5.1 a).
- b) Facility Licensees may seed the prize for any game in their approved bingo program excluding the Satellite Game.
- c) Seeding of a prize must be recorded within EMS as specified in the Electronic Bingo Equipment and EMS Operating Manuals.

**SUBJECT: PRIZES**

- 5.5.5 All cash prizes must be made in Canadian funds.
- 5.5.6 All prizes in the approved program must be awarded.
- 5.5.7 Players win only if they have the correct card pattern for the game and, in the case of a scheme, if the correct card pattern was completed as specified in the Rules of Play. All valid winning cards must be paid.
- 5.5.8 Prize payout schedules for Regular Games must be based on the \$1.00 card.

- a) All prizes must be calculated on the \$1.00 card prize and adjusted up or down according to the number of winners and/or the price of the card the patron(s) is playing. For example, a single winner playing a \$1.00 card is to receive \$50.00 for the "picture frame." If there are three winners, the \$1.00 card prize (\$50.00) is split three ways (\$16.66), then normally rounded up (may be rounded down) to the nearest dollar (\$17.00), and paid according to the price of the card as follows:

Three Winners/Three Card Prices - \$50.00 split three ways = \$16.66 rounded to \$17.00.

Prizes to be paid:

\$1.00 card receives	\$ 17.00	(\$1.00 prize)
\$2.00 card receives	\$ 34.00	(\$1.00 prize x 2)
\$3.00 card receives	<u>\$ 51.00</u>	(\$1.00 prize x 3)
<b>TOTAL GAME PRIZE</b>	<b>\$102.00</b>	

- b) Where a multiple winner split takes the prize amount below the minimum payout amounts, the player would receive the minimum prize payout for the price of the card they are playing. The Facility Licensee's Rules of Play must specify the minimum prize payout for each price of card. The minimum payouts shall not exceed (but may be less than) 10 times the price of each card, e.g. \$1 card x 10 = \$10 minimum payout, \$1.50 card x 10 = \$15 minimum payout.

**SUBJECT: PRIZES**

5.5.9 Both cash and non-cash Bingo Game prizes must be funded by bingo card sales revenue. Non-cash Bingo Game prizes may be awarded as follows:

- a) A Rule of Play must be established regarding any cash in lieu option and how multiple winners are managed;
- b) Any restriction(s) on a non-cash prize(s) must be clearly stated in Advertising and at the Event at which the prize will be awarded;
- c) When the retail value of a non-cash prize exceeds \$5,000.00, independent confirmation of the prize value must be provided to the AGLC (for example, an invoice from the supplier); and
- d) For any trip prize, a copy of the travel agent's agreement, and if applicable, a copy of the agreement with any other company, showing the details of the trip such as value, expiry dates, any trip restrictions, whether the trip is transferable or refundable, must be provided to the AGLC.

5.5.10 Donated non-cash Bingo Game prizes may be awarded as follows:

- a) They must not be provided, in any way, by Facility Licensees, registered gaming suppliers or facility landlords; and
- b) Donated non-cash prizes must be separately identified on financial control forms.

5.5.11 Acquisition of Merchandise Prizes:

  - i) purchases trips or other items to be used as Bingo Prizes and/or giveaways/promotions, and included with the prize purchase are free trip(s) or other bonus item(s), provided to the Facility Licensee as a bonus/purchase reward(s), the bonus/purchase reward(s) must be used by the Facility Licensee for bingo Event prizes or giveaways/promotions;
  - ii) purchases trips or items intended to be used as Bingo Prizes or give-aways/promotions, the Facility Licensee must pay the supplier/vendor directly for the cost of the

**SUBJECT: PRIZES**

items by cheque from the Facility Licensee's expense operating account. The Facility Licensee must not reimburse a third party for the cost of the trips, etc; and

- iii) in the case of a Class A Facility Licensee, the Bingo Association may pay for the merchandise prizes through the use of an association credit card. The credit card must be issued in the name of the Bingo Association as the account/agreement holder, jointly with an authorized individual (for example, Star Choice Bingo Association – Bob Brown). On a monthly basis, the association treasurer must verify purchases and ensure that invoices or receipts confirm all purchases. Air miles or other rewards earned as a result of credit card purchases are the property of the Bingo Association or the members and must be used for the benefit of the bingo licensees.

**5.5.12 Door prizes must be given to players as follows:**

- a) Cash or a Facility Licensee gift certificate (see Subsection 5.3.16) may be awarded as a door prize (no Event maximum). The total cost value of the gift certificate(s) is considered a bingo prize and must be included within the 65% prize payout for regular and Special Games as outlined in Subsection 5.5.1 clause a) and reported as a prize payout at the Event level; or
- b) Merchandise items (see Section 8.4.3), such as bingo bags, dabbers, stuffed figurines, t-shirts, coffee mugs etc. may be awarded as a door prize. The total cost value of the items awarded at any Event must not exceed the lesser of \$200 or \$30/100 patrons or portion thereof in attendance at the Event and must be recorded as a prize payout amount linked to the Regular Game; and
- c) Door prizes, in clauses a) and b) above, must be awarded through a random draw process. Cash register receipt numbers or theatre-type tickets provided to patrons at the time of purchase of Regular Game cards for the Event during which the door prize takes place may be used to conduct the random draw.

Where there is a dispute regarding balls called, the master board in front of the caller must prevail. The flashboards are an aid to the game and are not an official record of the numbers that were called.

- a) a Volunteer worker must be present on the stage to verify the letter and number of the ball as it is drawn and called;
  - b) the volunteer will complete a Ball Verification Sheet as the balls are called, which must be kept as part of the Event records; and
  - c) the caller must sign the Ball Verification Sheet to certify it is correct.
- 5.6.11 A new ball must not be drawn from the cradle/chute until:
- a) the previous ball has been called; and
  - b) the called ball has been placed in the corresponding hole in the ball pocket tray.
- 5.6.12 The Licensed Facility’s House Rules or Rules of Play must not require that players have the last number called to win a prize for a bingo game or bingo scheme. That is, a player may declare bingo for a winning pattern after other numbers have been called during the game in play. Exceptions to this rule may exist for progressive bingo games and schemes (see Subsections 5.4.4 a) iv) and v). *(Amended June 2017)*

**SUBJECT: STANDARD RULES OF PLAY**

- 5.6.13 When a bingo is declared, the caller must:
- a) stop play by announcing a bingo has been declared, and no more numbers will be called;
  - b) where the blower is turned off to verify a bingo, the ball next in line in the cradle/chute (that is, the next number to be called) must remain there and be the next number called;
  - c) announce the type of game being checked;
  - d) announce the number of bingos recognized, their approximate location in the hall, and ask (the first time) if there are any other bingos;
  - e) ask (a second time) whether there are any more bingos and pause (at least three to four seconds) to recognize these;
  - f) announce the number of bingos which have been recognized, state that only these bingos are eligible for prizes, and the game is closed; and
  - g) where the player's eligibility to win is dependant on the number of balls called, the caller must, with the assistance of a neutral player or charity Volunteer, count the number of balls in the ball pocket tray to verify the number of balls in the ball pocket tray match the number of balls displayed on the flashboard as being called:
    - i) if the number of balls in the ball pocket tray match the number of balls displayed on the flashboard and are within the required number of balls to win the specified prize, the prize will be awarded to the winner(s); or
    - ii) if the number of balls in the ball pocket tray does not match the number of balls displayed on the flashboard and required to win the prize, the winner(s) must be given the option to verify the balls in the ball pocket tray, and if they are in agreement with that count, will not be entitled to the prize associated with declaring bingo in a specified number of called balls.
- 5.6.14 All paper and electronic bingos must be verified through the EMS verification module. The verification call-back process must be conducted as follows:

**SUBJECT: STANDARD RULES OF PLAY**

- a) Seller/Checker:
  - i) identifies the declared bingo(s) to the caller;
  - ii) for paper Regular Games, verbally gives the caller the card number(s), and card colour or level; or
  - iii) for paper Special Games, the seller/checker must give the caller the card number(s), card colour and confirm the serial number(s); or
  - iv) for all electronic games, the seller/checker must give the caller the card number(s), and level(s).
- b) the caller must key the card number(s) into the verifier to display the card face on the TV monitors; and
- c) all verified bingos must be displayed on the TV monitor screen for players to view.

5.6.15 In the exceptional circumstance where the EMS verification module cannot be used, e.g. due to an equipment failure, a manual call back must take place. The verification procedures to be used must be identified in the Facility Licensee's House Rules. The procedures must include:

- a) for all games, the checker must take the bingo card and put it in front of a player at another table who will assist in verifying that the numbers called back by the caller form the winning pattern on the patron's card, thereby validating the declared bingo;
- b) for Special Games, the checker must provide the caller with the card colour and serial number(s) and verify the Special Game card as stated in clause i); and
- c) where the prize value of the game exceeds five hundred dollars (\$500) or where there is a pre-call, the bingo card(s) must be checked against the master book by the bingo chairperson, paymaster or Facility Licensee.

5.6.16 The series number must be visible on the winning card or the bingo must not be honoured.

5.6.17 For Bingo Game/scheme prizes (see Subsection 5.4.1 a) and b) in the amount of \$500 or more:

**SUBJECT: STANDARD RULES OF PLAY**

- a) for all Special Games, the seller/checker must take the paper card(s) to the caller's station or the cash cage for verification by the caller or hall advisor. The caller/hall advisor must inspect the card(s) for any obvious signs of tampering and/or alterations prior to the prize being awarded.

NOTE: In the following example, the total payout for the Bonanza game is \$700.00, and is split into three individual game prize payouts:

Caller's Choice	\$100.00
Main Prize	\$500.00
Consolation Prize	\$100.00

In this example, the Caller's Choice and Consolation Prizes do not require a manual inspection by the caller or advisor. However, the Main prize at \$500.00 requires a manual inspection of the card (or cards in the case of multiple winners).

- 5.6.18 For all progressive games, when the progressive prize is won and the winner(s) eligibility confirmed, the bingo chairperson (or designate) must present the cheque and/or cash representing the progressive prize to the winner and, if cash, physically count the cash in front of the winner. The winner(s) must be required to sign (provide signature and indicate name, address, and phone number) on the progressive prize pool control sheet or a separate receipt confirming they received the prize. The Event advisor must also ensure that the cheque number and amount are recorded on the progressive prize pool control sheet.
- 5.6.19 Cards may be used for a single game, or for two or more successive games in a series. Called balls must remain in the ball pocket tray until the final game in a series is done. After all bingos are checked and verified, the caller must clearly state that the game series is closed, and return the balls to the blower.
- 5.6.20 Declaration of Bingo:
- a) It is a player's responsibility to make themselves heard by the caller in order to stop the game;

**SUBJECT: STANDARD RULES OF PLAY**

- b) When a caller stops the game, he will acknowledge the player(s) bingo and call for further bingos as described in Subsection 5.6.13 e). When the number of winners eligible for prizes is announced, the caller will declare the game closed and proceed to verify the declared bingo(s) as stated in Subsections 5.6.13 to 5.6.17; and
- c) In a situation where a player declared a bingo and the bingo was determined not to be a valid bingo, the caller must re-open the game and, prior to calling another number, ask if any other player has a bingo to declare. This includes a player whose bingo was initially disqualified due to a late announcement of their bingo.

5.6.21 Two common problems arise during the process of declaring a bingo. They are as follows, with a suggested resolution provided in each case:

- a) The caller did not acknowledge a declared bingo because he could not hear the player declare the bingo and proceeded to call another number. In this case, the next number which was called is valid. The player who had a bingo on the previous number may declare bingo again (the last number not required). However, the player may have to share the prize if another player declared a bingo on the next number which was called.
- b) Multiple bingos were declared, an usher is standing beside each player, and for some reason the caller did not acknowledge one of the bingos. The caller must clarify with the usher and other players in the vicinity whether the player's bingo was declared on time or was late. Once clarified, the caller must refer and explain the matter to the bingo chairperson, who must decide whether the player will receive a portion of the prize.

NOTE: If a complaint is registered with the AGLC, the bingo chairperson's decision may be subject to review. If it is determined that the complaint was valid, the Facility Licensee, on behalf of the Licensed Charity, must pay the player the amount owing as directed by the AGLC.

**SUBJECT: FACILITY RULES OF PLAY**

**POLICY**

- 5.7.1 The Facility Licensee must establish and maintain Rules of Play governing the operation of their bingo games. Rules of Play must be consistent with these Policies and with the Electronic Bingo Equipment Standard Rules of Play set by the AGLC. The Rules of Play are subject to review and approval by the AGLC.

    - ii) when a late bingo is called on a Bonanza (or any other game involving a consolation prize), whether the player can receive the consolation prize without another number being called;

    - iv) on the Bonanza pre-call game, if the pre-call game was not won during the pre-call, whether any other numbers have to be called before the game can be won;
    - v) if bingo is called during the Bonanza pre-call, an "alternate Bonanza" may be sold. This option must be included in the bingo program, and Rules of Play must specify what happens to unmarked sealed cards from the

It may be possible to have multiple winners, if a person declares a late win on the bingo event ticket game. Multiple winners will split the prize. Facility Licensees may not require winners to have the last number called on their bingo event game ticket.

NOTE: The Bingo Caller must close bingo event ticket games using the procedures outlined in Section 5.6.13. In the case of a player complaint regarding the closure of a bingo event ticket game, the AGLC will rule in favour of the player if these procedures are not followed.

The Bingo Event Ticket Game Card must form part of the Facility Licensee's pull-ticket records and must be retained.

**SUBJECT: SALES**

6.4.8 In the case of a Class A Licensed Facility, Pull Ticket sales must be conducted either by:

- a) a paid Pull Ticket seller(s); or

6.4.9 In the case of a Class B Licensed Facility, Pull Ticket sales shall only be conducted by a paid Pull Ticket seller.

6.4.10 The Facility Licensee must provide each Pull Ticket seller with an initial float to accommodate unit sales. The float must be balanced each time revenue (specified unit gross amount) from the sale of one unit is turned over to the bingo chairperson. The float will be retained by the seller to continue sales.

6.4.11 Each unit must have a separate container. A Pull Ticket seller may conduct sales using an apron or a booth.

6.4.19 If the Facility Licensee wishes to change the type, colour or number of tickets per unit being sold, the Pull Ticket container must be sold out completely or as close to being sold out as possible before changing the unit (see Subsections 6.4.4 h), 6.4.6 g) and 6.10.2).

6.4.20 Sellers must permanently deface all winning tickets of a value of \$5.00 and over, once the prize has been paid. Black marker or hole punch is recommended.

6.4.21 Winning tickets with a value of \$5.00 and over must be retained until the unit is reconciled or the unit is removed from sale at the discretion of the Pull Ticket manager.

- a) If there are no major discrepancies in the reconciliation (defined as total shortage exceeding \$25.00 per unit deposited), the winning tickets may then be destroyed.
- b) If major shortages appear, winning tickets must be retained and the Pull Ticket manager will immediately report the shortages to the AGLC.

6.4.22 When a unit is sold out, the paid seller, hall advisor or assistant advisor must count the total cash received, remove the amount of the float (Witnessed and verified by the bingo chairperson), and record any unit shortage or overage amount. The cash, including any overage, is prepared for deposit by the bingo chairperson. The float will be retained by the seller to continue sales.

**SUBJECT: SALES**

(This is a requirement only for traditional Pull Tickets that have multiple separate colors with the same serial number. The color is also recorded on the Pull Ticket Inventory And Sales Record in the same box as the serial # e.g. Serial # 123456 blue.)
- c) The funds and deposit slip must be placed in a deposit bag and the bag then sealed.
- d) The sealed bag must be placed in a secure safe within the Licensed Facility:

**SUBJECT: POOLING**

**POLICY**

6.7.1 Consistent with Section 8.1.6 in the case of a Class A Facility Licence and Section 8.2.5 for a Class B Facility Licence, pooling of Pull Ticket Proceeds is mandatory for all Licensed Charities conducting Pull Ticket sales at licensed bingo facilities.

6.7.2 The responsibility to administer the pool rests with the executive of the Bingo Association (see Subsection 8.1.6 g). In the case of a Class B Licensed Facility, this responsibility rests with the Bingo Society through an independent third party Trustee (see Subsection 8.2.5 b) as specified in these Policies.

6.7.3 In the case of a Class B Facility Licence, the society's Trustee may charge a monthly pooling fee to administer the society's Pull Ticket pool account. The trustee fee must be subtracted from the pool by the Trustee before distribution to the Licensed Charities at the end of the pooling month.

6.7.4 Accounting of units in each monthly pool period must be completed as follows:

- a) Only units which have been sold and deposited or prepared for deposit during each month must be included in each monthly pool period; and
- b) Revenue from sales representing a partial unit deposit must be retained by the seller and be included in the pool in the month the full unit net revenue is deposited.

NOTE: Revenue representing sales of a unit which was sold out during a month must be deposited or prepared for deposit prior to the end of that month. This will ensure that each group who held a bingo during the month is fairly compensated for sales/deposits which occurred during the month in which they conducted bingo.

6.7.5 In the case of a Class A facility, the AGLC will review the Pull Ticket purchase and sales records to verify accuracy of Pull Ticket revenue and will notify the hall if any corrections are required or if the association can proceed to deduct the Event Fee for the Pull Ticket stream to determine the charity Proceeds to be disbursed (see Subsection 8.1.6).

**SUBJECT: FACILITY EXPANSION, RELOCATION AND RENOVATION - THREE MAJOR STEPS**

**POLICY**

9.5.1 Approval for or licensing of an expansion or relocation of an existing Licensed Facility in a specified community may only be issued after the requirements in a series of steps have been met, in the following order:

1. Initial Assessment;
2. Community Support; and
3. Licensing or Approval.

9.5.2 The series of steps in Subsection 9.5.1 are initiated by a Facility Licensee respecting a proposed expansion or relocation of an existing Licensed Facility in a community. The Facility Licensee may indicate in writing to the AGLC it is withdrawing its request at any point during the approval process.

9.5.3 Approval for renovation of an existing Licensed Facility in a specified community may only be issued after the requirements in Subsection 9.9 have been met.

9.5.4 In this section, a community refers to:

- a) a municipality as defined under the *Municipal Government Act* (Alberta), meaning:
  - i) a city, town, village, summer village, municipal district or specialized municipality;
  - ii) a town under the *Parks Town Act* (Alberta);
  - iii) a municipality formed by special Act.
- b) a Metis Settlement established under the *Metis Settlement Act* (Alberta); or
- c) an Indian reserve as determined by the Department of Indian Affairs (Canada) located within the provincial boundaries of Alberta.

9.5.5 In this section, a council refers to the council of:

- a) a city, town, village, summer village, municipal district or specialized municipality;

**SUBJECT: FACILITY EXPANSION, RELOCATION AND RENOVATION - THREE MAJOR STEPS**

- b) a town under the *Parks Towns Act* (Alberta);
- c) a municipality formed by special Act;
- d) a Metis Settlement established under the *Metis Settlement Act* (Alberta); or
- e) an Indian reserve as determined by the Department of Indian Affairs (Canada) located within the provincial boundaries of Alberta.

9.5.6 In this section, “expansion” means the significant physical expansion of the Licensed Facility as determined by the Board. Such expansion may include an increase in the building envelope or its outer dimensions. A building envelope refers to the outer perimeter of the building in which an existing Licensed Facility is located and includes space rented, leased, subleased, sold or otherwise provided to others in the same building. A building’s outer dimensions refer to the building height as well as its envelope.

9.5.7 In this section, “relocation” means the relocation of an existing Licensed Facility. If in the Board’s opinion, the relocation of a Licensed Facility is for the purpose of essentially attracting the same player base or serving the same market area as that of the facility in its present location, the Board may decide to waive the requirement, as outlined in Subsection 9.7, Community Support.

9.5.8 In this section, “renovation” means any major structural changes not considered to be an expansion of the Licensed Facility (as defined in Subsection 9.5.6) or maintenance upgrades (for example, painting) to the Licensed Facility.

9.5.9 A Facility Licensee may apply to relocate if there are no significant changes to the membership of the Bingo Association or Bingo Society affiliated with the Licensed Facility, or to the bingo program or Financial/Inventory Control System. If there are significant changes, the Board may consider the application to relocate as an application for a new facility and require that additional information be provided.

9.5.10 A new or relocated bingo facility requires a new Facility Licence. Only after a new Facility Licence is issued may gaming activities be permitted in the facility.

**SUBJECT: FACILITY EXPANSION, RELOCATION AND RENOVATION - THREE MAJOR STEPS**

- 9.5.11 An approval issued by the Board of the AGLC must be obtained prior to a Facility Licensee making significant financial commitments or investing gaming revenue to accommodate a proposed relocation.
- 9.5.12 The AGLC will not assume any of the costs, expenses or liabilities associated with a Facility Licensee's interest in expanding or relocating a Licensed Facility.
- 9.5.13 The Board may consider the views of the community including the views, if any, expressed by a council in relation to a proposed Licensed Facility expansion or relocation. The Board may refuse to approve a proposed expansion or relocation at anytime throughout the process if the Board is of the view that the community is not in favour.
- 9.5.14 The AGLC will not consider proposals for a Licensed Facility expansion or relocation in a community where a similar proposal has been rejected by the Board because of lack of community support, for two years after the notice of rejection was sent to the applicant.

**SUBJECT: FACILITY EXPANSION, RELOCATION AND RENOVATION - STEP ONE:  
INITIAL ASSESSMENT**

**POLICY**

9.6.1 The initial assessment allows the AGLC to determine whether a proposed expansion or relocation meets basic criteria related to market demand, benefits to charities, and impact on other charitable gaming activities in the community.

9.6.2 A Facility Licensee initiates this step by providing to the AGLC a proposal in writing for the expansion or relocation of an existing Licensed Facility. Where a Facility Licensee intends to relocate, a letter of intent and a business plan including the following must be submitted to the AGLC:

- a) details on the new facility, including the location, legal description, square footage, and zoning;
- b) sources of funding available to accommodate the relocation and/or proposed funding arrangements;
- c) details on meeting the minimum facility requirements (see Section 9 of these Policies); and
- d) in the case of a Class A Facility Licensee:
  - i) details on ownership and draft of the proposed lease agreement for the new facility if it is available;
  - ii) any relocation expenditures the Bingo Association is expected to pay;
  - iii) proposed rental rates to be charged to association members on an Event level basis;
  - iv) details on who will operate the concession;
  - v) copy of the minutes of the meeting where the members voted to accept the relocation and funding plans; and
  - vi) explanation of the benefits the relocation will provide the association, compared to the current bingo facility.

9.6.3 The AGLC will review the proposal to determine whether it has merit.

9.6.4 The expansion or relocation of the Licensed Facility in a community may be deemed by the AGLC to have merit if:

**SUBJECT: FACILITY EXPANSION, RELOCATION AND RENOVATION - STEP ONE:  
INITIAL ASSESSMENT**

- a) it can be shown, among other things, that the expansion or relocation will not result in decreased benefit to charities from charitable Events; and
- b) a complete and accurate statement of the factors which may impact the community and adjacent communities is provided to the AGLC.

9.6.5 For an expansion proposal, the applicant must demonstrate to the AGLC that the proposal takes into consideration factors that may impact the community and adjacent communities, including but not limited to the following:

- a) anticipated impact of the expansion upon other existing charitable gaming activities in the community;
- b) an explanation of the measures to be taken to address problem gambling, (that is, how bingo Events will be delivered in a socially responsible manner);
- c) estimated economic impact on the community, (for example, number of new jobs created, impact on other businesses in the community, etc.);
- d) impact on policing in the community; and
- e) impact on parking and traffic flow.

9.6.6 For a relocation proposal, the applicant must demonstrate to the AGLC that the proposal takes into consideration factors that may impact the community and adjacent communities, including but not limited to the following:

- a) anticipated impact of the relocation upon other existing charitable gaming activities in the community;
- b) proximity to public or community facilities, including schools, churches, etc.
- c) an explanation of the measures to be taken to address problem gambling (that is, how bingo Events will be delivered in a socially responsible manner);

**SUBJECT: FACILITY EXPANSION, RELOCATION AND RENOVATION - STEP ONE:  
INITIAL ASSESSMENT**

- d) estimated economic impact on the community (for example, number of new jobs created, impact on other businesses in the community, etc.);
- e) impact on policing in the community; and
- f) impact on parking and traffic flow.

9.6.7 A proposal deemed to have merit by the AGLC is not based on a definitive analysis of the feasibility of an expansion or relocation of the Licensed Facility, nor does it assure the level of success or support of the expansion or relocation. Moreover, a proposal deemed to have merit shall not be considered or promoted as an endorsement by the AGLC of an expansion or relocation.

9.6.8 If the AGLC deems the proposed expansion or relocation to have merit, Step Two: Community Support may be initiated.

9.6.9 If the submitted expression of interest is deemed by the AGLC not to have merit, it will be rejected, the approval process concludes, and an expansion or relocation will not be permitted.

9.6.10 The licensee who submitted a proposal that has been rejected by the AGLC will be advised in writing of the reasons for the rejection(s).

**SUBJECT: FACILITY EXPANSION, RELOCATION AND RENOVATION - STEP TWO:  
COMMUNITY SUPPORT**

**POLICY**

- 9.7.1 Following from Subsection 9.6.8, the AGLC will consider community support, or lack thereof, as expressed by the council for an expansion or relocation of a Licensed Facility in the community.
- 9.7.2 The AGLC will advise the Board of its intent to initiate Step Two: Community Support prior to undertaking further action respecting the expansion or relocation.
- 9.7.3 The AGLC will then formally notify the council, through the council's chief administrative officer or municipal clerk or equivalent, that it has deemed the Facility Licensee's proposed expansion or relocation to have merit. The AGLC will advise the council that the council's expressed support, or its lack of expressed support, for the expansion or relocation of the Licensed Facility in its community, will be considered by the AGLC.
- 9.7.4 Lack of expressed support means a council resolution withholding expressed support or rejecting an expansion or relocation in its community.
- 9.7.5 The AGLC will not consider any conditions placed on, or attached to, a council resolution respecting a Licensed Facility expansion or relocation in the community.
- 9.7.6 The AGLC will provide the Board any written submission of the council regarding the council's expressed support, or lack of expressed support, for a Licensed Facility expansion or relocation in its community. If the council is silent and there is no significant demonstrated opposition respecting Licensed Facility expansion or relocation in the community, the Board at its discretion may decide to continue the approval process.
- 9.7.7 Following from Subsection 9.7.6, if the Board at its discretion decides to continue the approval process, Step Three: Licensing or Approval may be initiated.
- 9.7.8 Following from Subsection 9.7.6, if the Board at its discretion decides to conclude the approval or licensing process for the expansion or relocation of the facility in the community, the process must conclude. The Facility Licensee will be advised by the AGLC in writing as to the reason(s) for the process concluding.

**SUBJECT: FACILITY EXPANSION, RELOCATION AND RENOVATION - STEP THREE:  
LICENSING OR APPROVAL**

**POLICY**

- 9.8.1 In this step, the Commission will make a recommendation to the Board respecting the approval of the proposed expansion or relocation of a Licensed Facility.
- 9.8.2 The Board will approve or license the proposed expansion or relocation of a Licensed Facility if the Facility Licensee has met all the requirements (provincial and federal legislation, regulation and policy – including these Policies, as well as municipal requirements - including local zoning or development requirements), respecting the expansion or relocation.
- 9.8.3 The Board may refuse to approve or license an expansion or relocation if the Facility Licensee has misled the Commission or the Board, or provided inaccurate or incomplete information respecting the expansion or major relocation.
- 9.8.4 Pursuant to Section 14 of the *Gaming and Liquor Regulation* (Alberta), a Facility Licensee may not be issued unless the Board is satisfied the existing Facility Licensee who has proposed relocation has the right to occupy and control the facility for which the proposal is made.
- 9.8.5 The Board must consider any objection made respecting an expansion or relocation of a Licensed Facility, and advise the person who made the objection as to the Board’s decision in the matter (see Subsection 10.10 for the objection process).
- 9.8.6 Prior to a Facility Licence being approved or issued for an expansion or relocation, the Facility Licensee must:
- a) demonstrate compliance with all provincial and federal legislation, regulation, and policy (including compliance with these Policies), and with municipal requirements, and produce any permits, licences or authorizations necessary to operate;
  - b) produce a copy of an executed lease, rental agreement or certificate of title or other acceptable proof of right to occupy and control the premises; in the case of a sale of existing licensed premises, a complete agreement of sale document relative to the premises to be licensed; and

**SUBJECT: FACILITY EXPANSION, RELOCATION AND RENOVATION - STEP THREE:  
LICENSING OR APPROVAL**

c) in the case of a Class A Facility Licensee, provide the financial status of the Bingo Association and its members.

9.8.7 If approval or licensing is rejected, the Facility Licensee will be notified as to:

- a) the reason(s) why the approval or licensing was rejected; and
- b) the right to request a hearing into the matter.

**SUBJECT: FACILITY EXPANSION, RELOCATION AND RENOVATION**

**POLICY**

- 9.9.1 The Facility Licensee must notify the AGLC of any proposed facility renovations or structural changes (see Subsection 9.5.8).
- 9.9.2 A renovation, including maintenance upgrades, paid for with the Facility Reserve Fund (see Subsection 8.1.2 a) vi) or 8.2.2 a) iii)) or through a change to the Event Fee (Fixed Fee in the case of a Class B Facility Licensee) requires prior approval of the AGLC. A proposed maintenance upgrade (e.g. painting), that is to be paid for with non-gaming funds, does not require notification to the AGLC.
- 9.9.3 Where a Facility Licensee is planning a renovation or structural change the Facility Licensee must submit a letter of intent to the AGLC including:
- a) a diagram, sketch or blueprint of the proposed renovation(s) or description of the regular maintenance upgrade;
  - b) breakdown of the budgeted costs of the project or series of projects including the breakdown of renovation costs between gaming and non-gaming space; and
  - c) in the case of a Class A Facility Licensee:
    - i) details on party or parties responsible for premises renovations, as outlined in the lease with the landlord; where the landlord is responsible for premises renovations, an explanation why the Bingo Association is proposing to cover the costs of the project;
    - ii) details and breakdown of the proposed financing arrangements including a separate accounting of the gaming revenue to be used;
    - iii) copy of minutes of the meeting(s) where members voted to proceed with proposed renovations in a Class A Licensed Facility, financing arrangements, and with the use of gaming revenue on hand;
    - iv) schedule of names of individuals in the Bingo Association who will be responsible for overseeing the project respecting renovation of a Class A Licensed Facility; and

**SUBJECT: FACILITY EXPANSION, RELOCATION AND RENOVATION**

- v) statement concerning how project contractors were selected, and whether or not any of the contractors are related to or have any connection to Bingo Association members in the case of Class A Licensed Facility.

9.9.4 A renovation or a series of renovations leading to completion of an entire project with a total value of \$100,000 or more must be approved by the Board of the AGLC or its delegate. A renovation project or a series of projects with a total value of less than \$100,000 may be approved by the Regulatory Services Division of the AGLC. The Facility Licensee must not make any financial commitments or disbursements prior to receiving the appropriate approval.

9.9.5 The minimum facility requirements (see Subsections 9.1 to 9.4, Licensed Facility Requirements) will be considered during the AGLC's review respecting a renovation.

9.9.6 If approval for a proposed renovation is rejected, the Facility Licensee will be notified as to:

- a) the reason(s) why the approval was rejected; and
- b) the right to request a hearing into the matter.

- 10.3.8 Interested parties will be allowed a period of up to 90 days to submit applications in response to the Notice of Expressed Interest after the notice is first advertised as provided for in Subsection 10.3.7.
- 10.3.9 Each Expression of Interest for a Licensed Facility must contain information as described in Subsection 10.2.4 and, in the case of an Expression of Interest for a Class B Licensed Facility, an initial deposit of \$5,000.00 payable to the AGLC as indicated in Subsection 10.2.4 p).
- 10.3.10 Applicants must submit to the AGLC a valid Expression of Interest within the specified time period. Only the applicants who submit valid Expressions of Interest in this step or Step One must be considered for a Facility Licence in the specified market area described in the Notice of Expressed Interest.
- 10.3.11 Expressions of Interest are deemed to be valid as provided for in Subsection 10.2.6.
- 10.3.12 An Expression of Interest withdrawn by an applicant or deemed not to be valid will be rejected, and the applicant who submitted it:
- a) will be advised by the AGLC in writing as to its decision and reason(s);
  - b) will, in the case of an Expression of Interest for a Class B licence, have the balance of their deposit of \$5,000.00 returned; and

- 10.3.13 The AGLC will not consider applications for a Facility Licence in a specified market area for two years after a Notice of Expressed Interest has been issued for that market area unless otherwise directed by the Board.

**SUBJECT: STEP THREE: INITIAL ASSESSMENT**

**POLICY**

- 10.4.1 Following from Subsection 10.3.8, an Initial Assessment allows the AGLC to determine whether a new bingo facility in a community within a specified market area has merit.
- 10.4.2 The concept of a bingo facility may be deemed by the AGLC to have merit if a valid Expression of Interest respecting the facility meets basic criteria related, for example, to feasibility, benefits to charitable groups and market demand.
- 10.4.3 The concept of a bingo facility may be deemed by the AGLC to have merit if it can be shown, among other things, that:
- a) the Proceeds to charities from charitable Events held in the proposed new facility will be comparable to and competitive with those generated in other bingo facilities in the province;
  - b) a significant proportion of the expected gross gaming revenue to be generated by the proposed new facility will be new gaming revenue, and will not be drawn from other existing or proposed bingos;
  - c) the profitability and viability of existing bingos or approved bingos (an approved bingo refers to an application approved for a Facility Licence subject to meeting the outstanding requirements, as provided for in Subsection 10.9.3) in the same community or specified market area are not significantly compromised; and
  - d) the proposed new facility would meet or exceed the bingo facility standards and operating requirements as set forth in these Policies.
- 10.4.4 An Initial Assessment by the AGLC which deems that a proposed new facility in a community within a specified market area has merit is not based on a definitive analysis of the feasibility of a proposed new facility in the community, nor does it assure the level of success or support of a proposed new facility in the community. Moreover, an initial assessment deemed to have merit must not be considered or promoted as an endorsement by the AGLC of a proposed new facility in a community.

**SUBJECT: STEP THREE: INITIAL ASSESSMENT**

- 10.4.5 If the AGLC deems the concept of a proposed new facility in the specified market area to have merit Step Four: Community Support may be initiated.
- 10.4.6 If the AGLC deems the concept of a proposed new facility in the specified market area does not have merit, the AGLC will recommend to the Board that the process conclude and no further consideration be given to a new facility in the community for a period of two years. Unless otherwise directed by the Board, the AGLC will:
- a) notify the applicants who submitted a valid Expression of Interest of its decision and reason(s); and
  - b) in the case of an valid Expression of Interest for a Class B licence, return the balance of the deposit of \$5,000.00 to the applicants.
- 10.4.7 The AGLC will advise all councils in the specified market area, through the council's chief administrative officer or municipal clerk or equivalent, of the outcome of Step Three: Initial Assessment.

**SUBJECT: STEP FOUR: COMMUNITY SUPPORT**

**POLICY**

- 10.5.1 Following from Subsection 10.4.5, the AGLC will consider community support, or lack thereof, as expressed by the council for the concept of a new bingo facility in the community.
- 10.5.2 The AGLC must advise the Board of its intent to formally notify the council of the requirements in Step Four: Community Support prior to undertaking further action respecting the application.
- 10.5.3 The AGLC will then formally notify the council, through the council's chief administrative officer or municipal clerk or equivalent, that it has deemed the concept of a new bingo facility in the community to have merit. The AGLC will advise the council of:
- a) the name of the applicant(s); and
  - b) the location(s) of the proposed bingo facility.
- 10.5.4 The council's expressed support, or its lack of expressed support, for the concept of a new bingo facility in its community will be considered by the AGLC.
- 10.5.5 Expressed support means a resolution of council in support of, or not opposed to, the concept of a new bingo facility in its community.
- 10.5.6 Lack of expressed support means a council resolution withholding expressed support or rejecting the concept of a new bingo facility.
- 10.5.7 The AGLC will not consider any conditions placed on or attached to a council resolution respecting the concept of a new bingo facility in the community.
- 10.5.8 The AGLC will provide the Board any written submission of the council regarding the council's expressed support, or lack of expressed support, for the concept of a new bingo facility in the community. If the council is silent and there is no significant demonstrated opposition respecting the concept of a new bingo facility in the community, the Board at its discretion may decide to continue the application process.
- 10.5.9 Following from Subsection 10.5.8, if the Board at its discretion decides to continue the application process, Step Five: Acceptance of Proposals may be initiated.

**SUBJECT: STEP FOUR: COMMUNITY SUPPORT**

10.5.10 Following from Subsection 10.5.8, if the Board at its discretion decides to conclude the application process, the process to consider a Facility Licence in the specified market area must conclude and no further consideration will be given to a proposed new bingo facility in the community for a period of two years unless otherwise directed by the Board. The applicants who provided a valid Expression of Interest:

- a) will be advised by the AGLC in writing as to the reason(s) for the process concluding; and
- b) will, in the case of applicants who provided a valid Expression of Interest for a Class B Facility Licence, have the balance of their deposit of \$5,000.00 returned.

**SUBJECT: STEP FIVE: ACCEPTANCE OF PROPOSALS**

**POLICY**

- 10.6.1 With the Board's approval to continue the application process under Subsection 10.5.9 in Step Four, the applicant(s) who submitted valid Expressions of Interest will be invited to provide a final submission including information as set out in Subsection 10.7.6.
- 10.6.2 The applicant(s) referred to in Subsection 10.6.1 must complete a final Bingo Facility Licensing Application Package ("final package") provided by the AGLC.
- 10.6.3 Only applicants who provided a valid Expression of Interest in Step One or Step Two may be eligible to complete a final package in support of a Facility Licence in a community within the specified market area.
- 10.6.4 Applicants are required to issue a public notice of their application for a Facility Licence in the specified market area. The advertisement must:
- a) meet the content and format requirements specified by the AGLC;
  - b) specify the address within the community in which the proposed new facility is located; and
  - c) be published as set out in Subsection 10.3.7.
- 10.6.5 Following from Subsection 10.6.4 the applicant must submit to the AGLC a copy of the complete newspaper pages containing the advertisements as part of their final package as provided for Subsection 10.6.2.
- 10.6.6 The AGLC will accept completed final packages for a specified period of time (no less than 60 days) after it has sent the final packages to the applicants as identified in Subsection 10.6.3.
- 10.6.7 The application process must conclude if none of the applicant(s) submits a completed final package within the period of time specified in Subsection 10.6.6. The parties will be advised of the AGLC's decision to conclude the process and its reasons, and the balance of their deposits will be returned to them.
- 10.6.8 If the AGLC receives one or more complete and accurate final packages for a new Facility Licence within the specified period of

**SUBJECT: STEP FIVE: ACCEPTANCE OF PROPOSALS**

The proposed bylaws shall be reviewed by the association's lawyer and the AGLC prior to being registered. CBH 2.2.1.e) requires all association members to comply with the association's registered bylaws while operating their bingo events. The importance of a good set of bylaws cannot be overstated. The association should try to be as specific as possible, without limiting their ability to make procedural changes in the day-to-day operations or items which may occur in the normal course of business. The proposed bylaws shall be reviewed by the association's lawyer and the AGLC prior to being registered. Any comments made by the lawyer, by way of letter, shall be submitted to the AGLC.
