

These Bingo Licensee Terms and Conditions govern licences issued to groups conducting bingo in a licensed bingo facility that is in operation four or more days per week.

The following policies are excerpts taken from the Commercial Bingo Handbook (CBH). For cross-referencing purposes, the italicized information contained in parentheses is the corresponding sub-section in the CBH from which the information was obtained. Copies of the CBH, and a copy of the *Gaming, Liquor and Cannabis Act* and Gaming, Liquor and Cannabis Regulation have been provided to the facility licensee. Copies of the policy and legislative documents may also be accessed at no charge on AGLC's website at aglc.ca.

A bingo licence authorizes an eligible charitable or religious organization to conduct a bingo event(s). The proceeds derived from these activities must be used for charitable or religious purposes (1.5.3). Policies established by the Board of Alberta Gaming, Liquor and Cannabis (AGLC) relating to the eligibility for charitable gaming licensing and the use of gaming proceeds are contained in the Charitable Gaming Policies Handbook (1.5.4).

Licensed charities and facility licensees must operate in accordance with the *Gaming, Liquor and Cannabis Act*, the Gaming, Liquor and Cannabis Regulation and AGLC policies and procedures established under the legislation, including the CBH and the Charitable Gaming Policies Handbook (1.2.1).

- a) For all paper games, the checker must provide the caller with the colour and series number of the bingo card, then take the bingo card and put it in front of a player at another table who will assist in verifying that the numbers called back by the caller form the winning pattern on the player's card, thereby validating the declared bingo;
- b) For all e-dauber games, the checker will provide the caller with the card pay level as indicated on the e-dauber card and then, assisted by a neutral player (at the location of the e-dauber unit), will verify that the numbers called back by the caller form the winning pattern on the player's e-dauber bingo card face, thereby validating the e-dauber bingo; and
- c) If the prize value of the game exceeds \$500 or where there is a pre-call, the bingo card(s) must be checked against the master book by the bingo chairperson, paymaster or a hall advisor or assistant hall advisor.

7.11 The series number must be visible and readable on a declared winning paper card, or the bingo must be rejected. (5.4.17)

The caller/hall advisor must inspect the card(s) for any obvious signs of tampering and/or alterations prior to the prize being awarded. (5.4.18)

7.13 For all progressive games, when the progressive prize is won and eligibility of the winner(s) confirmed, the bingo chairperson (or designate) must present the cheque and/or cash representing the progressive prize to the winner(s) and, if cash, physically count the cash in front of the winner. The event advisor must also ensure that, if a cheque with the prize amount is awarded, the cheque number and amount are recorded on the progressive prize pool control sheet. (5.4.19)

7.14 Cards may be used for a single game, or for two or more successive games in a series. Called balls must remain in the ball pocket tray until the final game in a series is completed. After all bingos are checked and verified, the caller must clearly state that the game series is closed and return the balls to the blower. (5.4.20)

7.15 Declaration of bingo: (5.4.21)

- a) It is a player's responsibility to make himself or herself heard by the caller to stop the game;
- b) When a caller stops the game, the caller will acknowledge the player's or players' bingo(s) and call for further bingos as described in CBH 5.4.14. When the number of winners eligible for prizes is announced, the caller will declare the game closed and proceed to verify the declared bingo(s) as stated in CBH Sections 5.4.14 to 5.4.18 (7.9 to 7.12 above); and
- c) If a player declared a bingo and the bingo was determined not to be a valid bingo, the caller must re-open the game and, prior to calling another number, ask if any other player has a bingo to declare. This includes a player whose bingo was initially disqualified due to a late announcement of their bingo.

7.16 Two of the most common problems that arise during the process of declaring a bingo are described here, with resolutions: (5.4.22)

- a) Issue: the caller did not acknowledge a declared bingo because he or she could not hear the player declare the bingo and proceeded to call another number.
Resolution: the next number called is valid. The player who had a bingo on the previous number may declare bingo again (the last number not required). However, the player may have to share the prize if another player declared a bingo on the next number which was called.
- b) Issue: multiple bingos were declared, an usher is standing beside each player, and for some reason the caller did not acknowledge one of the bingos.

Resolution: the caller must clarify with the usher and other players in the vicinity whether the player's bingo was declared on time or was late. Once clarified, the caller must refer and explain the matter to the bingo chairperson, who must decide (in consultation with the advisor) whether the player will receive a portion of the prize.

NOTE: If a complaint is registered with AGLC regarding a bingo chairperson's decision about a declared bingo, that decision may be subject to review by AGLC. If it is determined that the complaint is valid, the facility licensee, on behalf of the licensed charity, must pay the player the amount owing as directed by AGLC.

8. LINKED BINGO (5.6)

- 8.1** One linked bingo game, conducted and managed under a charitable bingo licence, is allowed per event. (5.6.3)
- 8.2** The total amount allocated for the linked bingo game's prize payout structure at each event must not exceed the percentage approved by AGLC. (5.6.7)
- 8.3** The licensed charities of a bingo association must pool linked bingo game proceeds according to the bingo association approved pool agreement. Pooled funds will be managed as outlined in CBH Subsection 8.1.6. (5.6.12)

9. PULL TICKET SALES

- 9.1** A bingo association may submit a pull ticket application on behalf of or as an agent of its licensed charities for the purpose of selling pull tickets during their bingo events. A single licence is issued in the name of all licensed charities conducting pull ticket sales in the licensed facility. (6.1.4)
- 9.2** An individual must be at least eighteen years of age to purchase or play a pull ticket, or to be awarded a pull ticket prize. (6.1.6)

 - a) awarded as bingo give-away/promotional items;

 - c) offered at a discounted price; or

- 9.4** The daily administration of pull ticket sales within a licensed facility must be the responsibility of a pull ticket manager approved by AGLC. In a licensed facility, the pull ticket manager will be under the direction of the executive of the bingo association. (6.1.8)
- 9.5** Pull tickets must be sold according to the pull ticket licence specifications and any special conditions required by AGLC (an amendment to a licence approved by AGLC may show changes from the original pull ticket licence application). (6.2.1)
- 9.6** Pull tickets to be sold in the facility must be purchased from a registered gaming supplier and provided or supplied to licensed charities by the facility licensee. (6.2.4)
- 9.7** Provided the licensed charity is present: (6.4.12)

 - b) Sales and payment of winning tickets may continue for a period not exceeding one hour after the end of the last bingo event of the day.

Any proposed amendments to the hours of pull ticket sales as stated on the licence must be submitted in writing to AGLC, and approved by AGLC, before the facility licensee may make any changes to the hours of sales.

9.8 Pull ticket sales must be restricted to the approved areas within the licensed facility. (6.4.13)

9.9 Pull tickets must be sold within the floor area in which bingo is being played or, with prior approval of AGLC and as stipulated on the licence, from an alternate location within the licensed premises other than the concession or merchandise booth. Sales must occur as follows: (6.4.14)

- d) sellers must distribute tickets to patrons; patrons must not draw or pick their own ticket(s) from the pull ticket container or apron.

- b) the monies for or from the pull ticket sales must be kept separate from monies for or from lottery ticket sales; and
- c) no portion of the lottery booth will be included in the gaming floor or gaming expense allocations.

9.11 The facility licensee must pay all winning tickets. A notice must be displayed stating that winning tickets will be paid only if the facility licensee can identify that it has sold the unit from which the winning ticket was drawn. (6.2.3)

9.12 Paid pull ticket sellers must not buy pull tickets at any licensed facility at which they are employed. (6.4.17)

9.13 Pull ticket sellers, other paid staff and volunteers must not reveal information on a pull ticket unit's status (e.g., its sales, prizes paid out, number of tickets remaining, etc.) to any individual. (6.4.18)

9.14 Consistent with CBH Subsection 8.1.6 for a facility licence, the pooling of pull ticket proceeds is mandatory for all licensed charities conducting pull ticket sales at licensed bingo facilities. (6.7.1)

9.15 AGLC inspectors must be allowed access to all areas where pull tickets are sold or kept. They may inspect, audit, examine and make copies of records, documents, books of account and receipts relating to a pull ticket activity, a facility licence or gaming supplies and may temporarily remove any of these in carrying out their work. An inspector or an official of AGLC must provide the facility licensee with a receipt for any items removed at the time of removal or as soon as possible after their removal. (6.11.2)

12. FINANCIAL

12.1 A guiding principle for gaming in Alberta is that “the financial return to eligible charities from charitable gaming is to be maximized for the benefit of charitable and religious groups, the programs or activities they deliver and the communities in which those programs or activities are undertaken” (1.3.1)

12.2 Facility licensees must provide each licensed charity with an annual budget that is the means by which the facility licensee may establish a fair and reasonable event fee that each member licensed charity must pay to cover the expenses of its events during the budget year. The annual budget must accurately reflect the licensed charity’s cost of operating events and the expected revenues to offset costs and generate proceeds. The annual budget must be approved by the facility licensee’s member licensed charities. (8.1.1)

12.3 Facility licensee’s expenses incurred on behalf of its member licensed charities for the conduct of bingo and/or pull ticket sales must be collected from the licensed charities; these must be allowable expenses and approved by AGLC. See CBH Section 8.1.2 (8.1.2 a))

12.4 Volunteer concession expense is an eligible bingo expense that is included in the exclusive portion of the event fee for

bingo, and must be paid by the licensed charity at the bingo event or through the bingo association's bingo pool account. Volunteer concession expenses will not be included in the monthly profitability calculation for bingo. Concession expenses incurred by volunteers at the bingo event must comply with the following: (8.1.2 ff)

- a) concession items must be purchased for and consumed by volunteers of the licensed charity during the time and within the facility that the bingo is being conducted;

- d) the total concession expense must not exceed an average of \$10 per volunteer working a morning and late-night event, and \$16 per volunteer working an afternoon or evening event. The number of volunteers required is determined by the bingo facility licensee and is stated in the approved bingo program;
- e) any concession expenses over and above the amounts permitted are the responsibility of the individual volunteer(s);
- f) licensed charities or the facility licensee may set their own concession policy to assist with the control of this expense (e.g., no concession expenses are allowed or the maximum per volunteer is \$5 per event); and
- g) volunteers may be given a coupon worth a fixed dollar amount. The coupon may be used to purchase concession items. Volunteers may not present the coupon to the concession for a cash reimbursement.

12.5 Charity proceeds, as defined in CBH Subsection 1.1.3 q), must be spent on charitable or religious objectives as approved by AGLC, and which are detailed on the licensed charity's bingo application and approved on the bingo licence. (2.2.6)

12.6 Within 120 days of the end of the bingo association's fiscal year, any surplus resulting from the actual annual expenses being less than the annual budget must be refunded to the licensed charities. The facility licensee must refund to each charity, by cheque or bank transfer, its portion of the surplus funds. Each licensed charity's portion of the surplus funds must be calculated according to the number of events the licensed charity conducted during the year the surplus occurred. (8.1.1 l)) If the facility licensee is operating bingo or pull ticket sales in a deficit for three consecutive months, the facility licensee must immediately notify AGLC of the deficit; the facility licensee must not, unless approved by AGLC, assess the licensed charities additional charges to cover the deficit. (8.1.1 m))

13. POOLING

13.1 Pooling of event charity proceeds from each gaming stream conducted within a licensed facility is mandatory for all licensed charities conducting events at the facility. (8.1.6 a))

13.2 Each licensed charity that conducts an event during the pool period must be part of the pool, and shall receive a share of the pooled proceeds in accordance with the terms of the pooling agreement. Each event during the monthly

pool period will have an equal weighting in the distribution of pooled proceeds. (8.1.6 c))

13.3 The licensed charities of a bingo association shall enter into a pool agreement. The pool agreement must be approved by AGLC. Pool agreements should address the requirements of AGLC policies and provide details about all aspects of the pooling arrangement. See CBH Subsection 12.1.6. (8.1.6 g))

13.4 The association's executive must administer the pool. The names and positions of the pool administrators must be provided to AGLC. (8.1.6 h))

13.5 The association must distribute to each charity details of the pool disbursements and a cheque or complete an electronic fund transfer (EFT). (8.1.6 e))
