ORGANIZATIONAL PROFILE

The Alberta Gaming and Liquor Commission is an agent of the Government of Alberta and consists of a Board and a Corporation.

The Board is responsible for ensuring that the powers and duties of the Corporation are appropriately carried out; establishing the policies of the Corporation; and, conducting hearings and making decisions respecting licences and registration.

The Board of the Alberta Gaming and Liquor Commission consists of five members. The Chairman of the Board is Mr. Eric McGhan, who is also the Deputy Minister of Gaming. Current members of the Board include Norman Peterson, Ed Gaudet, Douglas Fulford and Robert Westbury.

The Corporation consists of administrative and operational divisions responsible for the day-to-day functioning of the Corporation.

The mission of the Alberta Gaming and Liquor Commission is to maintain the integrity of gaming and liquor activities in Alberta and collect revenues for the province.

The Alberta Gaming and Liquor Commission's mandate, in accordance with the Gaming and Liquor Act, the Criminal Code (Canada) and within the policy framework established by government, includes the following:

- ♦ licence, regulate and monitor gaming and liquor activities in Alberta;
- ♦ define operating policies and procedures for gaming and liquor activities;
- ♦ ensure integrity and social responsibility in the operation of gaming and liquor activities;
- ♦ collect gaming and liquor revenue;

- ♦ ensure business and program operations are run efficiently and effectively;
- ♦ disburse provincial lottery revenues;
- ♦ support industry and government initiatives to address problem gambling and responsible alcohol consumption;
- ♦ communicate to gaming and liquor stakeholders accurate and timely information.

The Commission administers the Alberta Lottery Fund under the provisions of the Gaming and Liquor Act.

YEAR IN REVIEW

ALBERTA LOTTERY FUND

In fiscal 1999 over \$770 million was earned by the Alberta Lottery Fund, compared to \$705 million earned in fiscal 1998. These funds are used to support over 8,000 community initiatives each year. These initiatives include the purchase of advanced medical equipment, health and wellness programs, education, recreation, cultural initiatives, agricultural initiatives and many other types of initiatives. Funds are also used to supplement the province's General Revenues.

RETURN TO CHARITIES FROM CHARITABLE GAMING

The return to charities from charitable gaming (i.e., bingo, casinos, raffles and pull tickets) was \$148 million compared to \$129 million in 1997/98. This increase in revenues was primarily from casino operations and electronic gaming (slot machine) activities. None of the net proceeds from charitable gaming accrue to the Alberta Gaming and Liquor Commission. The AGLC collects only licence fees for charitable gaming activities.

TICKET LOTTERY OPERATIONS

The Ticket Lottery network, which is operated in partnership with the Western Canada Lottery Corporation, markets lottery tickets at over 1,900 locations in the province. The introduction of Western 6/49 in February, an online regional game with a top prize of one million dollars, and the development of a \$3 instant ticket, improved product selection and revenues. This, combined with the buoyant Alberta economy and the increased population in the province, caused gross revenues from ticket lottery products to increase to \$366 million from \$331 million in 1998.

VIDEO LOTTERY OPERATIONS

The AGLC continues to maintain the maximum number of video lottery terminals (VLTs) in the province at 6,000. The initiative to phase-out VLTs in multiple licenced facilities continues, and as at March 31, 1999, there were 160 multiple licences in 70 locations representing 970 VLTs, compared to 225 multiple licences in 101 locations representing 1,515 VLTs as of October 8, 1995.

PLEBISCITES

In conjunction with civic elections, 36 municipalities representing 70 percent of the provincial population, held VLT plebiscites. The majority of communities who held these plebiscites voted in favor of retaining VLTs in their community. Canmore, Coaldale, Lacombe, Stony Plain, County of Lethbridge and the M.D. of Opportunity voted to have VLTs removed from their communities.

Bill 36, the *Gaming and Liquor Amendment Act*, was introduced in Spring 1999 in response to an earlier court decision that said the AGLC was not authorized to consider or follow government policy or community wishes. This amendment to the *Gaming and Liquor Act* provided the required authorization to terminate VLT retailer agreements in communities that voted in favor of VLT removal.

YEAR IN REVIEW (Continued)

Certain retailers in communities that have voted to remove VLTs claim that the legislation is unconstitutional as it prevents them from earning a living from the operation of VLTs, while allowing other Albertans to make money from the machines.

Retailers from Wood Buffalo (in which the community voted to remove VLTs in a previous plebiscite) had previously initiated a court action that would prevent the AGLC from removing VLTs from their premises. Retailers from a number of the communities who voted to remove VLTs have now joined this court action. The retailers were successful in receiving an interim injunction prohibiting the removal of the VLTs pending the hearing of a constitutional challenge of Bill 36, the *Gaming and Liquor Amendment Act*.

This matter is presently before the courts.

CASINO GAMING TERMINAL OPERATIONS

Casino Gaming Terminal activities, principally slot machines, increased the financial returns to charities and helped to facilitate the Alberta Racing Renewal Initiative. The increase in revenues to charities from slot machines and Electronic Race Games in charitable casinos amounted to \$13.3 million. Another \$9.3 million of revenue was earned and distributed to the racing industry from Casino Gaming Terminal and Sega Race Game activities in the province's two racing entertainment centres.

ABORIGINAL GAMING

First Nations interested in developing and operating casinos have met with the Commission for input, planning, and clarification sessions. The Government of Alberta has confirmed that the development of any aboriginal gaming initiatives must be

consistent with the province's charitable gaming model.

LOTTERIES AND GAMING SUMMIT '98

The Summit provided eight recommendations which the Government of Alberta has accepted, or accepted in principle.

These recommendations are as follows:

1. That the provincial government dedicate more resources to gaming research in areas like the prevention and treatment of problem gambling, the social impacts of lotteries and gaming, native gaming issues, and emergent gaming activities.
2. That gambling in all forms be restricted to people 18 years of age and older.
3. That the charitable gaming model for operating casinos and bingos be maintained.
4. That gaming and lottery profits not be directed to the province's General Revenue Fund.
5. That all gaming and lottery profits collected by the province be directed to supporting charitable or non-profit initiatives.
6. That the amount and public visibility of gambling addiction, prevention and treatment programs be increased.
7. That lottery and gaming regulators and the provincial government improve accountability and disclosure of gaming activity in the province. This would include keeping citizens in Alberta better informed of the amount, type, costs (social and financial) and benefits of gaming in the province.
8. That the guiding principles for lotteries and gaming in Alberta adopted by the provincial government be updated, upgraded, accepted and adhered to.

Government has implemented, or is in the process of implementing, all eight of these recommendations.

YEAR IN REVIEW (Continued)

ADDRESSING SOCIAL ISSUES

The AGLC is involved in a number of programs or activities aimed at addressing problem gambling and encouraging the responsible use of alcohol products.

Working with the gaming industry, the AGLC disseminates information about the Alberta Alcohol and Drug Abuse Commission's (AADAC) 24-hour problem gambling help-line. The AGLC also consults with industry members on adopting programs to reduce problem gambling. The AGLC is working with AADAC to increase the visibility of problem gambling prevention and education programs.

The AGLC routinely provides information aimed at helping Albertans understand the gaming industry in the province, including the nature, extent and type of gaming activities. This information is often requested by groups looking into the social or economic impacts of gaming.

The AGLC is represented on the Fetal Alcohol Syndrome Provincial Coordinating Committee, examining ways to reduce the incidence of fetal alcohol syndrome in children. It also routinely encourages liquor licensees and manufacturers to promote the responsible use of alcohol in their promotions or advertising.

BINGO REVIEW COMMITTEE

The AGLC initiated a review of the bingo industry in August 1998. This review is the first comprehensive review of the bingo industry in over 20 years. A Steering Committee and Terms of Reference were established for this Committee, and the Committee called for and received written and verbal submissions from a variety of industry stakeholders. The Bingo Review Committee followed up these written and verbal submissions with stakeholder group meetings and plans to present its

recommendations and findings to the Alberta Gaming and Liquor Commission for their review and consideration. These recommendations will then be forwarded to Government for their consideration.

WAREHOUSING AND DISTRIBUTION

AGLC has three primary warehouse and distributors of liquor products: Connect Logistics Services Inc. for liquor and import beer, and Brewers Distributors Limited and Big Rock for domestic beer. Warehousing and distribution rates are set by warehouse. Effective April 29, 1998, the Stroh Brewery was appointed as a warehouse and distributor of Stroh Brewery products.

GAMING, LIQUOR AND TOBACCO COMPLIANCE ACTIVITIES

The following compliance activities, undertaken by the AGLC, help ensure that the provisions of the Gaming and Liquor Act, Tobacco Tax Act, Criminal Code and Commission policies are effectively enforced.

Gaming

A total of 34 incident reports (1997/98 - 149) were filed on gaming related matters during the fiscal year. These incidents concerned violations of VLT retailer agreements, cheating at play in casinos, illegal gaming activities, activities of registered gaming workers as well as the contravention of Board policies respecting legal gaming activities for raffles, pull tickets, bingos and casinos. Of primary concern in the enforcement activities was maintaining the integrity of legal gaming in Alberta.

In addition to the incident reports filed, there were 159 new gaming investigation files (1997/98 - 154) opened by the Commission's Special Operations Division.

YEAR IN REVIEW (Continued)

This activity resulted in 74 charges (1997/98 - 40) being laid under the Gaming and Liquor Act. Many of the investigations have resulted in charges being laid under the Criminal Code. In many cases, Special Operations have been able to help charitable organizations recover gaming funds missing from their bank account through theft or fraud.

Liquor

A total of 364 incident reports (1997/98 - 647) were filed on liquor-related matters. These incident reports focus on five key areas of enforcement: illegal liquor, liquor service to minors, over-service, after hours liquor service and prohibited relationships between liquor suppliers and liquor licensees.

Tobacco

Under the Tobacco Tax Act, 84 new investigation files (1997/98 - 54) were opened during the fiscal year. This resulted in 37 charges (1997/98 - 7) being laid under the Tobacco Tax Act. The Commission carried out 85 compliance checks with tobacco retailers to ensure that tobacco being sold has been legally purchased. The smuggling of illegal cigarettes into Alberta for sale both to tobacco retailers and the general public is a concern of the Commission. These enforcement activities are undertaken to reduce the province's lost tax revenue from cigarette sales.

FINANCIAL STATEMENTS

The official version of this report of the Auditor General, and the information the report covers, is in printed form.

AUDITOR-S REPORT

To the Members of the
Alberta Gaming and Liquor Commission

I have audited the balance sheet of the Alberta Gaming and Liquor Commission as at March 31, 1999 and the statements of net income and cash flow for the year then ended. These financial statements are the responsibility of the Commission's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Commission as at March 31, 1999 and the results of its operations and the changes in its cash flows for the year then ended in accordance with generally accepted accounting principles.

March 31, 1999

NOTE 1 AUTHORITY AND PURPOSE

The Alberta Gaming and Liquor Commission (the Commission) operates under the authority of the Gaming and Liquor Act, Chapter G-0.5, Statutes of Alberta 1996.

The Commission conducts and manages provincial lotteries, carries out functions respecting gaming under the Criminal Code of Canada, and controls, in accordance with legislation, the manufacture, importation, sale and purchase of liquor for the Government of Alberta.

The net proceeds arising from the conduct of authorized ticket lottery, video lottery and casino gaming terminal operations in Alberta are remittable to the Lottery Fund. The net proceeds of liquor operations and other income are remittable to General Revenues.

The Commission is a Crown agent of the Government of Alberta and as such, has a tax-exempt status.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES

Joint Venture

Alberta's share of the operations of the Western Canada Lottery Corporation is accounted for as a joint venture using the proportionate consolidation method.

Inventories

Supplies inventories are valued at weighted average cost which is not in excess of net replacement value.

Inventory held on behalf of liquor suppliers or agents, and related duties and taxes, are not recorded in the financial statements.

Capital Assets

Capital assets are stated at cost less accumulated amortization. Amortization is calculated on the straight-line method at annual rates which will reduce the original cost to estimated residual value over the useful lives of the assets, as follows:

| | |
|---|-----------------------------|
| Buildings and Leasehold Improvements | 2.5% or 10% (or lease term) |
| Gaming Systems and Equipment | 20% or 33.3% |
| Video Lottery and Casino Gaming Terminals | 14.3% |
| Furniture and Equipment | 10% or 20% |
| Retailer Fixtures and Signage | 20% |
| Computer Software | 33.3% |
| Vehicles | 20% or 33.3% |

NOTES TO THE FINANCIAL STATEMENTS

(tabular amounts in thousands)

March 31, 1999

NOTE 2 (Con't)

Capital assets held for sale are stated at estimated net realizable value.

Write-downs of capital assets to estimated net recoverable amount or to net realizable value are included in accumulated amortization.

Pension Costs

Pension costs comprise: the cost of pension benefits earned by employees during the year; interest on the Commission's share of the unfunded pension liability; the amortization of deferred adjustments over the expected average remaining service life of employees which relate to the long term; realized gains and losses; and the effect of the change in the ratio used to allocate the plan's total unfunded liability to participating entities. The net expense or recovery is included as part of salaries and benefits in operating expenses.

Actuarial valuations were determined using the projected benefit method prorated on service. Assumptions used in the valuations are based on each Pension Board's best estimate of future events. Each plan's future experience will inevitably vary, perhaps significantly, from the assumptions. Any differences between the actuarial assumptions and future experience will emerge as gains or losses in future valuations. Gains and losses which relate to the long term are amortized over the expected average remaining service life of the employee group. Gains or losses for which there is a reasonable assurance regarding their measurement and realization are recognized as income immediately.

Revenue Recognition

Revenues are recognized on an accrual basis. On-line ticket lottery revenues are recognized at the date of the draw with instant ticket revenues being recognized at the date of sale to retail.

Measurement Uncertainty

The preparation of the Commission's financial statements, in accordance with generally accepted accounting principles, requires management to make estimates that affect the reported amount of revenues, expenses, assets and liabilities as well as the disclosure of contingent assets and liabilities at the financial statement date.

NOTE 3

CHANGE IN ESTIMATED USEFUL LIFE OF CAPITAL ASSETS

The estimated useful life of video lottery and casino gaming terminals has been changed from 5 to 7 years, based on experience to date. As a result of this change, the amortization expense for the year was reduced by \$4.9 million.

NOTE 8 PENSION LIABILITY

The Commission participates with other employers in the Public Service Pension Plan and the Management Employees Pension Plan. These plans provide pensions for the Commission's employees based on years of service and earnings.

The Commission had an unfunded pension liability relating to pre 1992 service for each plan as at March 31, which was as follows:

| | 1999 | 1998 |
|-----------------------------------|---------------|---------------|
| Public Service Pension Plan | \$ 452 | \$ 465 |
| Management Employees Pension Plan | 319 | 414 |
| | <u>\$ 771</u> | <u>\$ 879</u> |

The total unfunded pension liability for each plan as at March 31, 1999 was determined by actuarial valuations as at December 31, 1997, both extrapolated to March 31, 1999.

The Public Sector Pension Plans Act specifies the basis to determine the amount of the total unfunded liability for each plan which will be funded by employers. The Commission's portion of those employers' liabilities was based on the Commission's percentage of the total pensionable payroll of all employers in each Plan.

NOTE 12 CONTINGENT LIABILITY

- a) The Commission has a number of properties, primarily former retail liquor stores, that operate under lease arrangements with terms ranging from one to thirty-three years. Most of these properties have been subleased to third parties. The Commission remains liable for the leases should the sublessor default on their obligations to the Commission. The Commission's future minimum lease payments under these arrangements, including its proportionate share of the Western Canada Lottery Corporation commitments, is summarized as follows:

| | | | |
|-------------------|-----------|----|------------------|
| Fiscal | 1999-2000 | \$ | 2,790 |
| | 2000-2001 | | 2,571 |

| | 2003-2004 | | 1,070 |
| Balance to expiry | | | 11,624 |
| | | | <u>\$ 21,708</u> |

Estimated future revenues to be derived from subleases amount to \$13.1 million at March 31, 1999. Provision for loss has been made where the payments to be received on the sub-leases are less than the lease payments to be made.

- b) In the normal course of its business operations, the Commission has been named as defendant in various legal actions. The resulting loss, if any, from these claims cannot be determined at this time, but no material loss is anticipated.

NOTE 15 YEAR 2000

The year 2000 issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. In addition, similar problems may arise in some systems which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 issue may be experienced before, on, or after January 1, 2000; and if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure, which could affect the Commission's ability to conduct normal business operations. It is not possible to be certain that all aspects of the Year 2000 issue affecting the Commission, including those related to the efforts of customers, suppliers, or other third parties, will be fully resolved.

(a) This payment represents the Province of Alberta's share of payments to the Government of Canada as a result of an agreement between the provincial governments and the federal government on the withdrawal of the federal government from the lottery field. The payment is made by the Western Canada Lottery Corporation on behalf of Alberta, and is based on current population statistics and its share of ticket lottery sales.

(b) Taxes are paid to the Government of Canada in lieu of the Goods and Services Tax (GST) on ticket lottery, video lottery and casino gaming terminal sales based on a prescribed formula. This tax is in addition to the GST paid on the purchase of goods and services for which credit is denied under the formula.

ALBERTA LOTTERY FUND

The Alberta Lottery Fund is the provincial fund of lottery revenues. This fund consists of revenue generated from electronic gaming (video lottery terminals and slot machines) and ticket lotteries and is administered by the Alberta Gaming and Liquor Commission (AGLC). The AGLC operates all aspects of video lottery and casino gaming terminal operations in the Province of Alberta. Through the Western Canada Lottery Corporation, the AGLC is also responsible for all ticket lottery operations in the province.

Alberta's lottery profits are collected by the AGLC and deposited into the Alberta Lottery Fund. Alberta Lottery Fund expenditures are approved by the Provincial Legislature and subsequently disbursed by the AGLC.

In 1998/99, revenues of \$776.6 million were earned by the Alberta Lottery Fund. Of this amount, \$132.5 million was issued in grant disbursements, an additional \$130 million was issued to Alberta Transportation to assist with transportation infrastructure costs, \$10 million was issued to the Capital Region to support regional coordination of infrastructure, and \$50.8 million was issued in support of Community Lottery Boards. The balance of the revenues were remitted to General Revenues and used to fund programs in health, education, infrastructure and other priorities as set by the Legislature through the budgeting process.

The Alberta Lottery Fund is used to support worthwhile community initiatives such as advanced medical equipment purchases, health and wellness programs, education, recreation, cultural initiatives and funds also supplement the provincial budget.

The following is the list of Alberta Lottery Fund expenditures for the fiscal year 1998/99.

SCIENCE INITIATIVES

Objective

To support community-based science and environmental initiatives for the awareness and benefit of Albertans.

Funding

The Science Alberta Foundation received \$750,000 in 1998/99 to increase understanding and awareness of science and technology through projects such as workshops on Technology in the Classroom, Internet at Home and in the Library. Also by providing mini exhibitions for public or school libraries on themes such as Genetics, Sustainable development, Math-o-Magic, Introduction to Geology, Telecommunications, and the Oil Industry.

OTHER INITIATIVES

Objective

Funding related to new initiatives.

Funding

In 1998/99 \$17 Million was spent under Other Initiatives. Groups that received this funding were as follows:

Edmonton Capital Region
City of Calgary

East Central Alberta Heritage Society
Western Heritage Centre Society
2001 World Track and Field Championships

ALBERTA LOTTERY FUND COMMITMENTS 1999/2000

Alberta's lottery profits are deposited into the Alberta Lottery Fund. Lottery Fund expenditures are approved annually by the Provincial Legislature.

This fund is used to support over 8,000 worthwhile community initiatives. Hospital equipment purchases, health and wellness programs, education, recreation and cultural initiatives are just some of the ways lottery proceeds are used.

The following is the list of Alberta Lottery Fund estimates for the fiscal year 1999/2000.
