WE CAN HELP!

Gaming Information for Charitable Groups

The Alberta Gaming and Liquor Commission offers the Gaming Information for Charitable Groups (GAIN) program to help Alberta charities better understand charitable gaming policies.

Through facilitated or online sessions, GAIN provides essential information to groups that conduct, or want to conduct, charitable gaming activities like bingos, casinos, pull ticket sales or raffles. All sessions are free.

If you have questions about:

- eligibility requirements
- the licensing application process
- requirements for conducting an event
- allowable use of proceeds
- submitting financial reports easier

GAIN can help!

Facilitated Sessions

GAIN currently offers three types of facilitated sessions:

- Combined
- Use of Proceeds
- Casino

The **Combined session** offers an overview of all policies related to charitable gaming and includes the Use of Proceeds information.

The **Use of Proceeds session** offers specific information about the use of gaming proceeds by charitable groups.

The **Casino session** offers detailed information about the process and forms required in preparation for your casino event.

To see facilitated session dates, times and locations and to register, go to aglc.ca

GAIN Online

GAIN Online is available for volunteers of charitable organizations who want to access the information online, anytime, at their convenience.

The program provides the same important information about conducting charitable gaming events as the facilitated sessions.
